Ski Lockers

- Ski Lockers are appropriately designed as tall, narrow units.
- This configuration creates the ideal locker for seasonal rentals at resorts and in ski area hotels and condominiums.
- The basic locker is 84" high but with an optional sloping top, can hold skis up to 225 cm. in length.
- Hooks for hanging poles provided.
- Optional equipment includes:
 - Slide Stops to prevent skis from sliding out of open lockers
 - Half-Depth Shelves for hats, gloves or goggles
 - Stainless Steel bottom
 - Sloping Top
